For Clients From the Gold Coast and Beyond

Priority Status will be given to clients traveling from the Gold Coast and Northern NSW with appointment times specifically scheduled to avoid traffic on the M1.

To minimise your visit time and avoid M1 traffic, please discuss priority scheduling with our reception team at time of booking.

About The VCA Hospital

- We have expanded to become the **largest cardiology referral group in Australia** with 3 specialist cardiologists, 2 cardiology residents and a growing, compassionate support team of nurses and receptionists.
- The new VCA hospital is the first hospital in Australia to offer a **dedicated cardiology-only specialist referral service.**
- The state-of-the-art hospital will include a cardiology ICU facility, the latest in diagnostic equipment and Australia's **first cardiology hybrid surgical theatre** enabling a wide range of non-invasive procedures, including the new mitral valve TEER/V Clamp procedure and also open-heart mitral valve repair with cardiopulmonary bypass.

- The VCA hospital will be an ISFM accredited **Gold Standard Feline Friendly** hospital and will include a cats-only entrance, waiting room, ICU and day stay ward.
